

J-DEC 2026

JAPAN DIE CASTING
CONGRESS & EXPOSITION

TOYO INNOVEX Invitation to Our Exhibition and Seminar

Dear Valued Customer,

Thank you very much for your continued support of our products.

We are very pleased to announce that we will be exhibiting our latest technologies and equipment at the 2026 Japan Die Casting Congress & Exposition, to be held at Pacifico Yokohama from November 12 to 14, 2026. We will also be presenting a technical paper at the event.

At our booth, we will showcase the BD-350V7EX, a hydraulic die casting machine based on our BD-V7EX series and equipped with an electric drive system, as well as the SD-35ME, a servo spray system designed to achieve high-cycle operation through servo drive technology.

We will also introduce the benefits of "compression die casting process using die clamping force," made possible by the incorporation of an electric pressure-intensification system.

In addition, we will exhibit our "T-Station Cloud" production management system and "T-Guide" generative AI chatbot.

We would be delighted if you could take this opportunity to visit the exhibition and stop by our booth. We look forward to seeing you at the show.

Best regards,

October 2026

Yoshiaki Tabata, President & CEO

EXHIBITION CONTENTS

BD-350V7EX

Hydraulic die casting machine with electric drive system

SD-35ME

Servo spray unit

E-cast

Electrification options

Electric drive system for pressure intensification

Multi-step pressure intensification control

T-Guide

Exhibit for reference

Our generative AI chatbot

T-Station Cloud

TOYO Smart Factory

PAPER PRESENTATION

Date&Time **November 12 (Thu.) 14:30~15:00**

Venue **Pacifico Yokohama (Annex Hall, F203~F206)**

Development of technology for the practical application of compression die casting process using die clamping force

EVENT DETAILS

Date&Time **November 12 (Thu.) - 14 (Sat.) 9:00~17:00**

[Doors open at 9:30 a.m. on the first day and the exhibition closes at 1:00 p.m. on the final day.]

Venue **Pacifico Yokohama (Halls C & D)**

Booth No. A-13

※ Please register in advance using the QR code above before visiting the exhibition.
